

## Finishing & Fulfilment

**PRESTIGE**  
working with initiative

### Automated Finishing

We have one of the UK's most diverse ranges of automated finishing services enabling our customers to enjoy faster finishing times and cheaper finishing costs. We are able to provide automated:

- Polywrapping
- Shrink wrapping
- Flow wrapping
- Gluing
- Covermounting
- Inserting
- Labelling
- Collating
- Strapping
- Drilling

Through our automated finishing machines we can process up to half a million items per day ensuring we deliver the best solutions, at the most competitive prices for our customers.

### Hand Finishing

If we don't have the machine to provide the finish you require or the item is too large or fragile and requires careful handling, then we have over 100 specialist finishers who can complete the project by hand.
